

A VIEW FROM THE PATTERN

Your Board has been active the past few months on the advocacy front.

We sent a number of requests to the Chicago Executive Airport Executive Director asking for clarification about how the Board structured the rent increases in the SW T's, and the language in the guiding documents that allowed this change. To date, we have not received an adequate response despite the first letter having been sent in June. We have also formed a committee to investigate the runway 6/24 issue. We will keep you informed about this matter as well.

After multiple emails, voice messages and a face to face meeting with no result, we sent another email and copied the CEA Chairman and Directors. We did receive a response from the CEA Board Chairman, Court Harris, along with the Executive Director Jamie Abbott, who has been invited to our Annual meeting in November to hopefully provide us with the details on these increases. That said, we urge you to attend our annual meeting on November 27 at the Ramada Plaza on Milwaukee Ave in Wheeling. The meeting begins at 7 pm.

On the horizon is our holiday dinner party Wednesday, December 18th. This year, for the first time, we'll have a cornucopia of great raffle prizes gathered by our secretary and 2019 raffle chair, Warren Bruhl. There is still time to purchase tickets, support our scholarship fund and be entered in the drawing to win a valuable prize. You can reserve your spot at the party online or by mail. The flyer is on page 7 of this newsletter and on our website pwkpilots.org. The raffle info is also online. Click on scholarships and choose raffle. You could win fuel, flight time, and other prizes.

Finally, I want to mention a very special opportunity we've been offered thanks to a generous donation from one CEPA member. This member has donated \$1,000 to the scholarship fund and has challenged other members to do the same. If another CEPA member makes a \$1,000 donation, this member will match it, so please consider donating to our 501(c)(3) fund.

Chicago Executive Pilots' Association Newsletter is published monthly. This organization was formed in 1986 as a forum for the users of Chicago Executive Airport (formerly Palwaukee) and as a conduit for information from the users to the governing body and from the governing body to the users. Our mission is to promote the safety of operations and continued development of Chicago Executive Airport in a fraternal environment with the pilots, users and community. Membership is open to users of Chicago Executive Airport who support the goals and objectives as stated in the bylaws. Dues are \$40.00 annually and include newsletter.

Letters to the Editor, feedback, concerns or questions and any articles submitted must be received by the 20th of the month. Submissions will be printed on a space available basis and may be edited for style, length and appropriate content. Send text as a Microsoft Word file attached to an email to editor@pwkpilots.org. Please make prior arrangement with the editor for any files not electronically transmitted.

Nominating Committee

The Ballot enclosed with this newsletter has been sent to each member. Utilizing the same procedure as last year, there is one ballot per member and it may be mailed in or delivered the night of the Annual Meeting and Election.

The Nominating Committee has interviewed each of the nominees and recommends the placement of their names on the Ballot. The Board of Directors has voted to accept the slate as presented.

The Members who have been slated are as follows:

Rhett Dennerline
Larry Kream
Madeleine Monaco
S Guru Prasad
Jason Simpson

The Officers- President, Vice President, Secretary and Treasurer—serve a two year term and will be continuing during 2020. Please take the very few minutes that it will take to cast your ballot and bring it with you to the Annual Meeting, or mail so as to be received by the printed deadline.

By direction of the Board of Directors, this newsletter and the enclosed ballot may be emailed to every member at his/her last stated email address. For those members who have not registered an email address, a printed ballot will be mailed via USPS.

Thank you,

Rogers Faden, Gene Haig and Arthur Gunn

BOOK REPORT

Enjoy a local author's work covering our aviation history!

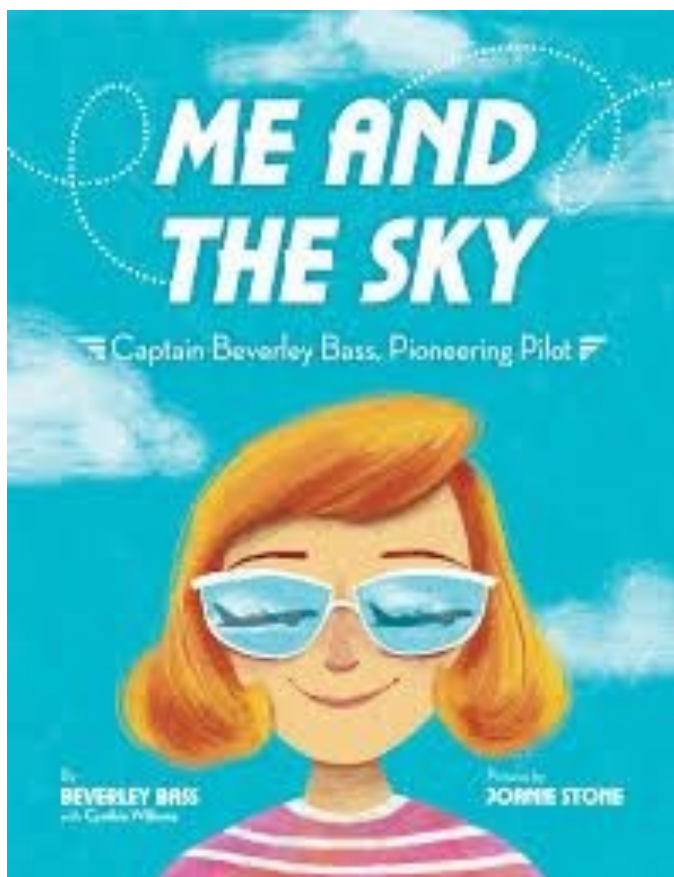

CEPA member Mike Haupt, researched and wrote this impressive historical outline of the evolution of our flying story. His efforts have provided us with an extremely useful tool for research as well as an entertaining read.

Copied from their post on Facebook:

Aviation Chicago Timeline is a chronology of aviation milestones in Chicago demonstrating the city's crucial role in the development of the American aviation industry. The book examines the essential part Chicago held as a center for exhibition flying, the epicenter for U.S. air mail, and a major aviation transportation hub for over a century. Aviation Chicago Timeline's accessibly written text makes it appealing for the casual reader while its extensive notes and bibliography make it an essential reference tool for the serious student.

Biweekly FAA Safety Briefing News Update

FAA Completes Final ADS-B Milestone

The FAA completed its final implementation milestone with ADS-B, the state-of-the-art surveillance system that enables air traffic controllers to track aircraft with greater accuracy and reliability. The last two of the 155 airports to receive ADS-B, Akron-Canton Airport and Mansfield Lahm Regional Airport, both in Ohio, became operational last month. This brings the operational rollout of ADS-B baseline services to a successful conclusion, on schedule and within budget, well in advance of Jan. 1, 2020, the date by which aircraft flying in certain, controlled airspace must be equipped with the technology.

ADS-B is now operational at air traffic control facilities across the country. These include airports, Terminal Radar Approach Control Facilities, and en route facilities. All are using ADS-B as the preferred source of surveillance, which provides improved situational awareness to both pilots and controllers, among many other benefits and improvements. For more information, go to <https://www.faa.gov/nextgen/equipadsb/>.

Got WINGS?

The WINGS Pilot Proficiency Program is designed to help you build an educational curriculum suitable for your unique flight requirements. The program encourages you to continue your aviation educational pursuits, and it requires training, review, and flight proficiency that corresponds with the leading accident causal factors. Use this new optional checklist to get you through a phase of WINGS: <http://bit.ly/WINGSchecklist>.

Pilots who complete a phase of WINGS can enter this sweepstakes form for a chance at cash prizes: <https://www.mywingsinitiative.org/pilot-entry>. Flight Instructors who validate a flight activity for completion of a student's phase of WINGS can use this sweepstakes entry: <https://www.mywingsinitiative.org/sweepstakes-entry>.

Take a minute for safety and learn more about WINGS with this short video: https://www.youtube.com/watch?v=hg7fKNsdPss&list=PL5vHkqHi51DT2Y54kjRtmjJ3Dgaj_Sv7V&index=36.

The Dangerous Power of Power Lines

"When in doubt rip it out!" Balloon pilots: If a power line strike is imminent, the safest decision is to turn off all fuel, bleed all remaining fuel from the lines, and "rip out" (open wide) the deflation port. Get more tips for avoiding collisions and close encounters with power lines at <https://adobe.ly/32pHHZV>.

For more emergency-focused articles, check out the Sep/Oct 2019 issue of *FAA Safety Briefing* magazine at www.faa.gov/news/safety_briefing.

Produced by the *FAA Safety Briefing* editors, www.faa.gov/news/safety_briefing.
